Imagine starting your day with the warmth of the sun streaming through the LARGE WINDOWS that fill every corner of this meticulously maintained, 3,200 sq ft executive home. As you sip your morning coffee in the shaker-style kitchen, the view from your window captures the beauty of the surrounding nature—rolling hills, majestic mountains, and the soft rustling of trees just outside your door. Step into the living and dining areas, where the neutral palette creates a calm, inviting atmosphere. Whether you're hosting a family dinner or enjoying a quiet night at home, the exquisite hardwood flooring and open, sun-filled spaces provide the perfect setting. The family room becomes a cozy retreat, where you can unwind by the gas fireplace, its soft glow framed by a wall of floor-to-ceiling windows. On warm summer evenings, slide open the doors and step onto the covered veranda, where the sounds of nature and a cool breeze invite you to enjoy dinner al fresco or relax with friends around the barbecue. Upstairs, the massive bonus room becomes a favorite spot to catch a spectacular sunset over the Rockies. Imagine opening the sliding doors to enjoy a glass of wine on the deck, watching the sky melt into a blend of pinks and oranges as the day comes to an end. The primary suite is your personal sanctuary. Custom cabinetry provides elegant storage, and the spa-inspired ensuite with heated floors invites you to melt away the stress of the day. Three more generous bedrooms and another bathroom with heated floor ensure everyone in the family has their own space to relax and

recharge. Venture downstairs, and you'll find a spacious family room—perfect for cozy movie nights or turning into a theater room. Ample storage ensures everything has its place, keeping your home neat and organized. Outdoors, this property continues to impress. The HEATED TRIPLE-CAR GARAGE and additional carport provide space for all your vehicles and toys.
