Featuring 3 bedrooms and 2 full bathrooms, this layout offers space for everyone and room for your family to grow. As you get home, you're immediately greeted by a beautiful stone faced wood-burning fireplace in the living room, framed by three large windows that let in an abundance of natural east-facing light in the mornings and throughout the day. The spacious dining area is just off the kitchen, which features granite countertops, a kitchen island, and space for a breakfast nook or coffee station. Plus, the kitchen window overlooks the beautiful west-facing backyard — perfect for keeping an eye on the kids or simply enjoying the view while you cook. Gardeners will love the west exposure — ideal for growing plants and flowers. An oversized, insulated garage comfortably fits two vehicles with extra room for storage. The lower level retains its original intricate hardwood flooring and includes plumbing with a sink already installed — perfect for setting up a kitchenette.
