Welcome to this gorgeous two-story home on a 0.21-acre corner lot in an established neighborhood. From the outside, this home has undeniable curb appeal. Beautiful high ceilings in the open front entry creates an instantly inviting atmosphere. The main floor features a cozy living room with gas fireplace, and new hardwood floors (2020) that lead into a spacious kitchen with maple cabinets, a raised eating bar, built-in desk area, and walk-in pantry. The dining area is bathed in natural light from south- and west-facing windows, and patio doors open to a generous deck, great for family barbecues or just relaxing outside. To round out the main floor, there's a bright office/den, a two-piece bathroom, and laundry room. Up the split staircase, to one side is the large primary bedroom with walk-in closet and five-piece ensuite with soaker tub, separate shower, and dual sinks. The sunny bonus room is perfect for family fun or movie nights, and two more well-sized bedrooms that share a Jack-and-Jill bathroom—ideal for kids or guests. The fully developed basement (renovated in 2022) is made for entertaining, and features a huge fourth bedroom, three-piece bathroom, and plenty of storage. As well as a new hot water tank in 2024. Water softener and Central Vac with accessories included. The oversized double garage is insulated for year-round comfort, and the large, fenced yard has room for kids to play, RV parking, or even a second garage. There's also a dog run and sizeable garden bed for growing your own vegetables. This home is ideal for a growing family. Why choose Langdon?
