Welcome to this exceptional home, offering over 3800 square feet of beautifully finished living space, nestled on a .21 acre pie-shaped lot with no homes behind, situated next to a scenic pond! As you step inside, you'll immediately notice the impressive 9-foot ceilings that provide an estate level finish and a bright, open feel throughout the main floor. The kitchen is a standout feature, showcasing quality oak cabinetry, stone countertops, and a high-end Café appliance package. With ample storage space and a convenient walk-through pantry, it's perfect for both cooking and entertaining. The kitchen flows seamlessly into a well thought out breakfast nook and spacious living room, where a cozy gas fireplace serves as the focal point—a perfect space for family gatherings. This level also includes a formal dining room/front living room, a half bath, and a thoughtfully designed office space just inside the front entry. Heading up the large center staircase, you'll find three generously sized bedrooms, a functional 4-piece bath, top-floor laundry, and a versatile bonus room. The expansive primary retreat is a true sanctuary, featuring a walk-in closet and a luxurious 5-piece ensuite with a corner soaker tub, a stand-alone shower, dual sinks, and a dedicated makeup counter. Thanks to the open space beside and behind the home, natural light floods the large windows on both levels, while still providing the privacy often lacking in newer developments. The fully finished basement adds even more value to this home, with a fourth bedroom, a 3-piece bath, and a large family room with a wet bar—ideal for a games room or a comfortable space to gather with friends and watch the big game. Step outside, and you'll appreciate the substantial exterior upgrades, including premium vinyl siding and Class 4 impact resistant shingles, both

installed just a few years ago, and an oversized driveway to accommodate trailer parking . The pie-shaped lot offers a functional backyard, complete with a gravel seating area perfect for outdoor fires, a large deck, and still plenty of space for a trampoline and garden boxes. With its generous square footage, convenient location with a bike path at your doorstep, schools just down the street, and being nestled beside the pond in one of Langdon's most established neighbourhoods, this home truly offers something special.
