This extensively updated bi-level walkout is located on a quiet crescent and backs directly onto a paved walking path—walking distance to Carburn Park and minutes to the amenities in Quarry Park. The main floor features vaulted ceilings, large windows, and a bright, open layout. The kitchen has been fully renovated with modern cabinetry, a tile backsplash, large quartz-topped island, built in pantry storage, upgraded appliances, and a functional design that flows into the main living area, along with the upgraded luxury vinyl plank flooring. The main level offers three bedrooms and two full bathrooms, including a spacious primary bedroom with an oversized closet and peaceful views of the backyard. The finished walk-out basement adds valuable living space, with a large family or rec room, cozy gas fireplace, and direct access to a landscaped yard with an interlocking brick patio. There's also a large workshop space and mechanical room for your home hobbies and projects. From the main, a large Duradek-covered deck off the kitchen overlooks the green space and offers plenty of room for outdoor furniture and summer barbecues. Additional updates include a newer hot water tank, eavestroughs, and downspouts, as well as vinyl plank throughout the main and basement living spaces. Bonus: no Poly-B plumbing!! With walking paths right out the back gate, a quiet setting, and quick access to parks, schools, and major roadways, this home offers the perfect combination of location, layout, and thoughtful updates.
